

Get more from your **IEEE** Research

Experience IEEE Xplore[®]

The IEEE/IET Electronic Library is a powerful resource which includes full-text access to over 3 million documents, delivered via the IEEE Xplore platform. Subscribers enjoy unlimited use of more than 180 current IEEE and IET journals, over 2400 IEEE standards, and over 1200 IEEE and IET conference titles. To get the most out of this important research tool, Eszter Lukacs, from IEEE's Client Services team, will give attendees a tour of IEL and its Xplore interface, highlighting new content, advanced tips and recent updates. She will also discuss IEEE's growing Open Access initiative and guidelines for prospective authors.
